TESTIMONIALS

My daughter started at Ice Elite in 2020, and from the moment we joined, we felt so welcomed and supported. When she began, she struggled with anxiety and was very shy, but the coaches and team were incredible at guiding her every step of the way. Over the past five years, we've watched her grow in confidence, independence, and self-belief. Seeing her run out onto the stage in stadiums to perform fills us with so much pride. Cheer has given her resilience and a real sense of inner strength that extends far beyond the gym.

Never underestimate the value of extra supportive, safe adults in your child's life – the impact they have is truly priceless.

The reason I love ICE Elite and Tilt performing Arts is because, I like being able to make friends, practice my skills and have fun while learning new things. My coaches help me learn new skills and push me to do the best I can.

I am thankful to have a place to go to learn, have fun and most of all train with my team.

I love my coaches and team mates and look forward to coming back again every year.

Amelia - Athlete

We've only been part of the gym for a year, but it already feels like home! After five great years at our previous gym, making the move was a big decision and it's been the best one we could have made.

The coaches are amazing, the athletes are supportive, and the whole environment is so positive. Our daughter has grown in confidence, skills, and passion for cheer. We're so grateful to be part of such a welcoming and inspiring cheer family!

Kirstyn - Parent

We started with ICE Elite Allstars and Tilt Performing Arts in 2019 and have enjoyed every year. It feels like home, not only for my two kids but for me as well. We had no idea what to expect when we first started, but 7 seasons later it was no doubt the best decision we ever made for my kids. They are not just part of a team but part of a family. A family where they feel supported, heard and most of all be themselves.

Cheer and dance has made my kids stronger as athletes and as people. The studio and coaches are the best in supporting them grow and they provide a fun environment where athletes can grow in their skills, confidence, and leadership. They always challenge my children to be their absolute best all while having their best interest at heart. We truly love coming to training and can't wait to see what the coming years bring!
